The student voice of those NOT successful with the program was missing.</p> <p>The grading is also a concern and the mentors GPA does suffer. Hall asked if the class can be taken pass/no pass. Villalobos said No not in SDUSD. Is the focus of PowerUp bringing an F to a C? Or a C grade to an A? Or both? Quessenberry shared that more time was needed for the discussion however it became apparent that students need basic arithmetic skills rather than Int I,II,III curriculum. Gilmor asked if there is a way to figure out those gaps due to COVID year. A 3 to 1 ratio would be ideal for Power Up and critical information is not being communicated to students and mentors about the class. Since all three classes are run and graded VERY differently, comparing data makes no sense. Paredes summarize next steps:</p> <ol style="list-style-type: none"> 1. Meet with other students, possible empathy interviews 2. Team up to communicate about Power Up to mentors, counselors, students 3. Summer work with Power Up teachers to increase consistency 4. Training and possible AVID curriculum for the mentors |

See attached chart for proposed transfers. Transfer \$4000 to be used for staff hourly and classroom supplies. Stephenson made a motion to approve the transfers as proposed by Paredes. Motion failed. Kozma proposed to shift the amount to 1800 and 2200 Seconded by Stephenson. Discussion: if visiting teachers cost about 250 each and we know we will need 10, is this transfer going to cover. Paredes explained that finance will look at the amount closely and make recommendations of amounts to transfer to minimize funds lost. Motion not approved. New Motion by Villalobos to transfer amounts as proposed knowing that district finance may make adjustments. Seconded by Quessenberry. All approved 7-0-0</p> |
